SAVANNAH, GA

CONFERENCE OVERVIEW

TOMEKIA WILLIAMS

Conference host, speaker, and leader passionate about helping women grow in wisdom, purpose, faith, and confidence.

The **Chosen Women's Conference** is more than a gathering; it is a transformational experience designed to empower, equip, and connect women from across the region. With an intentionally curated audience of approximately 800 women, the conference is being designed to create meaningful engagement, excellence, and authentic community connection.

This event presents a unique opportunity for selected sponsors to align their brand with a high-impact experience centered on empowerment, leadership, and community influence. Rather than creating a crowded vendor environment, the conference is structured to offer strategic partners meaningful visibility and genuine connection with attendees.

This year, November 6–7, 2026, women from across the region will gather at the Savannah Convention Center in beautiful Savannah, Georgia for a conference experience unlike any other. Featuring keynote speakers, interactive sessions, vendors, networking opportunities, and meaningful moments of worship and encouragement, CHOSEN is becoming one of the premier women's gatherings in the Southeast.

NONA JONES

Bestselling author, executive leader, preacher, and global speaker helping women live healed, purposeful, and intentional lives."

ADDITIONAL PARTNERSHIP OPPORTUNITIES

Additional partnership opportunities are also available for organizations interested in sponsoring a session or experience, providing branded merchandise, or participating in the VIP gifting experience.

To preserve the excellence and integrity of the conference, all sponsors must complete the official approval process and demonstrate alignment with the event's values and audience.

The Chosen Women's Conference offers an opportunity for companies to make a visible and lasting investment in women, families, and the broader community. Support would not only help underwrite a premium conference experience but also position your company as a champion of empowerment and positive community impact.
